

## **Palliative Care Toolkit for GPs**

### **One day masterclass in Palliative Care**

**Tuesday, 17 October, 2017**  
**9am to 4pm at St Gemma's Hospice**

This is an exciting one day conference arranged as an update for Leeds General Practitioners who have attended our previous GP masterclasses, or GPs who want a general update in Palliative Care. The day will include talks, workshops and an opportunity to discuss clinical cases and questions with palliative medicine specialists.

#### **Key areas include:**

- Evidence based pain management
- Gastrointestinal symptom management
- Managing anxiety, depression and delirium
- Prognostication and managing uncertainty
- Opening difficult conversations
- Medicines use in liver and renal impairment

#### **Who should attend?**

- GPs, senior nurses in the community
