

# Advanced Communication Skills

## 2 day fully funded training for Leeds GPs

(based on the original “Connected” model)

**Communication Skills** training is associated with positive outcomes, leading to:

- Fewer complaints
- Reduction in medico-legal risk
- Decreased stress for health care professionals
- Patient centred care
- Increased confidence for participants

### Who would benefit from the training?

Senior doctors communicating with patients with a non-curative illness in challenging or complex situations (including, cancer, non-malignancy or long term conditions).

Evaluations submitted by all participants show that 100% would definitely recommend the course.

#### **Recent participants have commented:**

*“The course has exceeded my expectations and I feel my confidence has significantly improved over the 2 days.”*

*“A very useful and challenging course in a very supportive environment.”*

Facilitated by The Leeds Communication Skills Training Team @ St Gemma's
