

Leeds Palliative
Care Network

Extension for Community Healthcare Outcomes Project (ECHO®)

Collaborative learning and support through
multi-site videoconferencing

Democratising Specialist Knowledge -Specialist Palliative Care teams from the Hub at St. Gemma's Hospice will provide education and support to GP practices across the city

Free to Leeds GP Practices

Target Audience: GPs and other members of the practice team
(NB. One GP for each practice must attend)

The process

- Hub and Spoke members meet to establish a curriculum
- Meetings, approximately monthly, dates and times to be negotiated between partners.
- Each ECHO meeting is 60minutes
- Educational element delivered by the Palliative Care Specialist (Hub)
- Case presentations from Spokes

- IT** - The Spoke partner will:
- be supported by the IT technician from St. Gemma's Hospice
 - require PC with camera+ microphone, laptop or smartphone
