

Advance Care Planning and Communication Skills One day Tele-Education Session

- Are you required to have conversations with patients/clients and those important to them about their care?
- Do you support patients/clients and those important to them to start to think about their care as they become less well?
- Do you want to gain more skills and knowledge around Advance Care Planning?

– then this course is for you.

Free places are available for health and social care staff to attend this one day course as part of an innovative programme being run across **West Yorkshire and Harrogate**.

You will require access to a PC/laptop with microphone and camera to access the training online. Details for joining will be sent out prior to the session.

Dates: Thursday 17 December 2020

Friday 15 January 2021

Monday 15 February 2021

Time: 09.45-15.00
