

Advance Care Planning and Communication Skills

One day Tele-Education Session

By attending this training, candidates will:

- Gain an understanding of key elements of advance care planning; the principles and application of the Mental Capacity Act 2005; the process and reason for best interest decision making
- Explore communication skills that support patients and their families to have conversations about future care
- Identify ways ACP conversations and information is record and shared with all involved in a patient's care across different services.

Who should attend? Any Health and Social Care staff.

Cost: £30 per candidate.

Facilitators: Facilitators from St Gemma's Hospice.
